

TREVISAN

SPARKLING ROSE' WINE

SySpark is another expression of our Syrah. Obtained with the ancestral method, this unique and particular sparkling wine, ends its natural fermentation in the bottle. It is a fresh, light wine with a pale pink color. The nose is fruity with ample notes of strawberry and raspberry. In the mouth it is harmonious and fragrant, with hints of freshly toasted bread. The fine bubbles delicately tickle the palate. Excellent as an aperitif or to accompany fresh cheeses.

100% Syrah

Harvest by hand.

Obtained by pressing the grapes with a vertical press and partially fermented in stainless steel.

End of fermentation and aging in bottle for 6 months

750 ml

No chemical treatments in the vineyard, no added yeasts, unfiltered.
